

ENGLISH BOSS

Production-Ready Website — Claude Code Build Brief

Prepared by Claude | May 2026 | Confidential

Purpose of this Document: This brief gives Claude Code everything it needs to build a complete, production-ready, premium website for English Boss — an online spoken English coaching platform run by Charles William. It covers site structure, all page data, modal flows, auth system, course catalogue, testimonials, about section, and implementation instructions.

TABLE OF CONTENTS	
§1	Project Overview & Goals
§2	Original Site Analysis (Appx Template)
§3	Navigation Structure & Pages
§4	Authentication Modals (Login / Signup)
§5	Paid Courses — Full Catalogue
§6	Recorded Courses
§7	Free Courses
§8	Purchases Page
§9	Homepage — Featured Section
§10	Testimonials — Complete Data
§11	About Us — Instructor Profile
§12	Contact Us Section
§13	Footer Data
§14	Tech Stack & Build Instructions for Claude Code

§1 — Project Overview & Goals

Client

Client Name	English Boss
Instructor	Charles William — Certified TESOL & IELTS Trainer
Platform Type	Online Spoken English Coaching
Current Site	https://englishboss.akamai.net.in (Appx template)
Contact Email	englishbossrd@gmail.com
YouTube	http://www.youtube.com/@EnglishbossRD

Project Goal

Build a **fully independent, premium, production-ready website** for English Boss — replacing the generic Appx template with a custom-designed site. The new site must be visually outstanding, fast, mobile-first, and carry all existing content: courses, testimonials, about section, auth flows, and purchase pages.

Key Deliverables

- Custom homepage with hero, featured courses, browse section, testimonials, about, contact
- Paid Courses listing page with course cards showing price, discount, description
- Recorded Courses listing page
- Free Courses listing page
- Individual course detail pages (with description, pricing, enroll CTA)
- Login modal (phone/email input → OTP/password flow)
- Signup modal (full registration form with name, username, email, phone, password, state)
- Purchases page (authenticated view of enrolled courses)
- Responsive design — desktop + mobile
- Premium UI — not generic, not template-looking

§2 — Original Site Analysis (Appx Template)

The original site runs on the **Appx/ClassX** platform — a Next.js SSR shell where most dynamic content (course descriptions, study materials, timetables) is loaded client-side from the ClassX CDN API after page render. The new site will be fully self-contained with all data hardcoded or managed via a simple CMS/JSON config.

Page	URL	Status in Original
Homepage	englishboss.akamai.net.in/	Full SSR — all data accessible
Paid Courses	/new-courses	SSR shell — cards rendered
Free Courses	/zero-price-courses	SSR shell — 1 course card
Recorded Courses	/new-courses?examId=2	SSR — 1 recorded course
Course Detail	/new-courses/{id}-{slug}	Partial — desc loads via JS API
Study Material	/study-material	Empty — fully dynamic
Quick Links	/quick-links	Empty — fully dynamic
Purchases	/purchases?type=10	Auth-gated — no courses shown
Timetable/Live	/my-timetable	Auth-gated — dynamic
Test Series	/test-series	Auth-gated — dynamic

§3 — Navigation Structure & Pages

Primary Navigation (Top Bar)

More (dropdown):

Nav Item	Route	Notes
Home Page	/	Landing page
Paid Courses	/paid-courses	All paid course cards
Free Courses	/free-courses	Free course cards
Recorded Courses	/recorded-courses	Recorded/self-paced courses
Youtube Classes	http://youtube.com/@EnglishbossRD	External link — opens new tab

Nav Item	Route
Study Material	/study-material
Quick Links	/quick-links
Live / Timetable	/timetable
Test Series	/test-series

Auth State: When logged out, show Login/Register button (top right). When logged in, show user avatar with dropdown: Purchases, Profile, Logout.

§4 — Authentication Modals

From Screenshots: Auth is modal-based — triggered from homepage. Two modals observed: (1) Login/Register entry modal, (2) Create Account (Signup) modal.

Modal 1 — Login / Register Entry

Title	Welcome ■
Subtitle	Please enter your details to Register or Login.
Field 1	Phone number / Email — placeholder: 'Enter your email or phone number'
Helper Text	Please add country code if you are a user outside of India
Primary CTA	Next (blue button — full width)
Secondary CTA	Close (light grey button — full width)
Footer Text	By signing in, you agree to our Terms & Conditions & Privacy Policy
Logo	English Boss logo shown at top of modal

Modal 2 — Create Your Account (Signup)

Title	Create your account
Subtitle	Create a free account to continue on our platform
Field 1	Full name * — placeholder: 'Enter your name'
Field 2	Username * — placeholder: 'Enter your username'
Field 3	Email Address * — pre-filled example: jayalakshmikalai10@gmail.com
Field 4	Phone number * — placeholder: 'Enter your phone number'
Helper Text	Please add country code if you are a user outside of India
Field 5	Password * — placeholder: 'Enter your password'
Field 6	State * — dropdown: 'Select state'
Primary CTA	Signup (blue button — full width)
Note	All fields marked * are required

Implementation Note for Claude Code: Both modals appear as centered overlays with a dark backdrop over the homepage. Use a modal component with smooth fade-in animation. The flow is: Click Login/Register → Modal 1 → enter phone/email → Next → if new user: Modal 2 (signup form). For the new site, implement with React state or a modal library. No page navigation — stay on same page.

§5 — Paid Courses — Full Catalogue

Source: Fetched from <https://englishboss.akamai.net.in/new-courses> + confirmed via screenshots. All prices in INR. Image URLs from ClassX CDN.

Course 1: Practical Spoken English for You

Tags	Live Batch, A1-A2, Beginners
Image URL	https://appx-content-v2.classx.co.in/paid_course3/2026-05-07-0_9524360423146936.jpg

Course 4: Evolution (B1–B2 Level) – Live Batch 2, 2026 **[NEW]**

Type	Live Online
Selling Price	■8,500
Original Price	■11,500
Discount	27% off
Short Desc	ONLINE LIVE CLASS. Eligibility: Students must be above 16 years old. B1-B2 Intermediate Level. Time: 6:30 to 7:30 PM. Take your English to the next level in less than 40 days.
Tags	Live Batch, B1-B2, Intermediate
Image URL	https://appx-content-v2.classx.co.in/paid_course3/2026-05-07-0_5304482890273008.jpg

§6 — Recorded Courses

URL: `/new-courses?examId=2` — Filters the paid courses list to show only recorded/self-paced courses.

Course	Practical Spoken English for You
Selling Price	■6,200
Original Price	■7,500
Discount	18% off
Short Desc	This course is suitable for beginners and intermediate levels. The course aims to equip learners with practical spoken English skills.
Image URL	https://appx-content-v2.classx.co.in/paid_course3/2025-01-25-0.5771293304268392.jpg
CTA	View Details button

Note for Claude Code: The Recorded Courses page is essentially a filtered view of paid courses where type = 'Recorded'. Use a shared CourseCard component and filter by course type.

§7 — Free Courses

URL: `/zero-price-courses`

Course Name	Easy English
Price	FREE
Image	https://d502jbuhuh9wk.cloudfront.net/courses/66c31b367becb72011d8568b/66c31b367becb72011d8568b_scaled_cover.jpg?v=1
CTA 1	View Content (primary blue button)
CTA 2	View Details (secondary grey button)
Detail URL	<code>/new-courses/3-easy-english</code>
Description	No public description available in SSR — loads dynamically. Use placeholder: 'A beginner-friendly free course to kickstart your English journey.'

Note: Free courses show two CTAs — 'View Content' (direct access) and 'View Details' (detail page). No price badge is shown. Card design should clearly indicate FREE status.

§8 — Purchases Page

URL	/purchases?type=10
Page Title	PURCHASES
Auth	Requires login — redirect to login if not authenticated
Tabs	Paid Courses Test Series
Search	Search bar: 'Search Paid courses ...'
Empty State	'No courses purchased' — shown when user has no purchases
Header Style	Blue banner with white bold uppercase title (matches other pages)

Implementation Note: This page is auth-gated. If user is not logged in, show the Login modal or redirect to homepage with modal triggered. The tab switcher toggles between 'Paid Courses' and 'Test Series' purchased content.

§9 — Homepage Structure

Navbar	Logo (left) Nav links (center) Search icon + Login/Avatar (right). Blue active state on current nav item.
Browse Section	Grid of navigation tiles with icons: Paid courses, Free Courses, Recorded Courses, Youtube Classes, Study Material, Quick Links, Live, Test Series. Left/right scroll arrows.
Featured Section	Horizontal scrollable card row of featured/highlighted courses. 'Featured' label. Left/right scroll arrows.
Testimonials	Full-width testimonials section — student reviews with name + review text + 'Read More' expand. (See §10 for all testimonial data)
About Us	Instructor profile section — Charles William bio, qualifications, offerings. (See §11 for full data)
Contact Us	Contact form with 'Get in Touch' heading, text area (0/120 char limit), Submit button, Terms link. (See §12 for details)
Footer	Logo Legal links Download App badges (Google Play, App Store, Windows). (See §13 for details)

§10 — Testimonials — Complete Data

Source: Fully extracted from homepage SSR. 30+ testimonials available. All are real student reviews. Display as a card carousel or masonry grid.

§11 — About Us — Instructor Profile

Instructor	Charles William
Title	Certified TESOL & IELTS Trainer English Fluency Specialist
Quote	"Education is not the filling of a pail, but the lighting of a fire." — William Butler Yeats
Experience	13+ years in corporate landscapes 7+ years in English Literature & Methodology
Speciality	Online English education via live and recorded platforms
Certifications	TESOL Certified, IELTS Trainer

Full Bio Text (for About page / section):

My professional journey in education has been driven by the fundamental belief that authentic learning ignites a fervent pursuit of knowledge rather than merely imparting facts. Commencing my professional voyage amid familial challenges from as early as high school, I have persevered and triumphed. My career trajectory reflects a tapestry of diverse experiences and enriching encounters spanning over 13 years within corporate landscapes. Throughout this tenure, I navigated intricate challenges and embraced opportunities, honing proficiencies in communication, leadership, and strategic acumen. Transitioning into the educational domain, I have dedicated the past 7 years to the profound exploration of English Literature and English Methodology. Functioning as a dynamic English fluency specialist, I proficiently orchestrate immersive classroom engagements tailored to optimize learning outcomes. As a certified TESOL and IELTS trainer, I facilitate individuals in attaining their linguistic aspirations while bolstering collective team efficacy.

Our Offerings (Feature List for About section):

Feature	Description
Live Learning	Engage in real-time learning with top educators, participate in interactive discussions, and receive personalized guidance from instructors.
Structured Curriculum	Benefit from meticulously crafted curriculum designed by experts to ensure optimal learning outcomes.
Community & Networking	Connect and collaborate with peers from diverse backgrounds through exclusive chat groups, fostering a supportive learning community.
Expert Guidance	Receive assistance and insights from both instructors and fellow learners via built-in chat groups, facilitating collaborative problem-solving.
Practice Assessments	Reinforce your knowledge through quizzes and live tests, allowing you to assess your understanding and track your progress.
Certification	Validate your achievements with course certificates, enabling you to showcase your skills on platforms like LinkedIn.

Assessment Process:

- Weekly assessments are conducted

- Followed by comprehensive feedback from teachers outlining further study plans
- Progress reports are diligently recorded within the student portal
- Culminating in a final end-of-course report upon completion

§14 — Tech Stack & Build Instructions for Claude Code

This section is specifically written for Claude Code. Follow these instructions to build the production-ready English Boss website from scratch.

Recommended Tech Stack

Layer	Technology	Reason
Framework	Next.js 14+ (App Router)	SSR, SEO, routing, image optimisation
Styling	Tailwind CSS + custom CSS vars	Rapid premium UI, responsive by default
Animations	Framer Motion	Smooth modal transitions, scroll effects
Icons	Lucide React	Clean icon set, tree-shakeable
Data	JSON config files (local)	All course/testimonial data in /data/*.json
Auth	NextAuth.js or custom JWT	Handle login/signup modal flows
Hosting	Vercel (recommended)	Zero-config Next.js deployment

Project Structure

```

Component-by-Component Build Order

Step	Description
------	-------------

Step 1	Set up Next.js project with Tailwind. Configure brand colors: Primary Blue #1565C0, Accent #2196F3, Dark #0D1117.
Step 2	Build Navbar component — logo, nav links, search icon, login button. Active state in blue. Mobile hamburger menu.
Step 3	Build Footer component with 3 columns: logo, legal links, app download badges.
Step 4	Build AuthModal component — two states: Login (phone/email input) and Signup (full registration form). Smooth backdrop + slide-in animation.
Step 5	Build CourseCard component — thumbnail, title, short description, price (new/old/discount badge), View Details CTA. Support 'NEW' badge and 'FREE' variant.
Step 6	Build Paid Courses page — grid of CourseCards using data/courses.json. Blue hero banner header.
Step 7	Build Free Courses page — CourseCard variant with View Content + View Details CTAs.
Step 8	Build Recorded Courses page — filtered view of recorded-type courses.
Step 9	Build Homepage — BrowseGrid, Featured horizontal scroll, Testimonials carousel, About Us, Contact form.
Step 10	Build Purchases page — auth-gated, tab switcher (Paid / Test Series), search, empty state.
Step 11	Polish: animations, mobile responsiveness, SEO meta tags, performance optimisation.

Design Principles — Premium UI

- Do NOT replicate the generic Appx template look — build something premium and custom
- Use the brand blue (#1565C0) as primary, white backgrounds, dark text (#0D1117)
- Course cards should have subtle shadow, hover lift effect, rounded corners (12px)
- Hero banners on listing pages: bold uppercase white text on solid blue background (as in original)
- Testimonials: card carousel or masonry grid — show name prominently, quote in italic
- Auth modals: centered, white card, dark overlay backdrop, smooth Framer Motion animation
- Typography: Inter or Geist font — bold headings, regular body, consistent scale
- Mobile-first: all pages must be fully responsive and usable on mobile
- Page transitions: subtle fade between routes using Next.js layout animations

Final Note to Claude Code: This document contains ALL the data you need to build the complete English Boss website. The course data in §5–§7 should be converted to data/courses.json. Testimonials in §10 go into data/testimonials.json. Do not invent data — use only what is documented here. If a section says 'No data available', leave a TODO comment in code for the client to fill in.
